

## **Section 6: The Employer Secure Area (ESA)**

### **Introduction**

The **Employer Secure Area (ESA)** was designed to offer employers a secure, fast and efficient means to interact with NYSTRS online.

### **How to Access the ESA**

From NYSTRS' website (NYSTRS.org), select the Employers tab and then select the Employer Secure Area button.

Once the information is submitted, a username and password will be sent via separate emails from **ESAWebAudit@nystrs.org** to the new user(s). The person assigning rights will also receive a confirmation email from NYSTRS. After you have successfully logged in, you will be required to change your password and select a security question. Please pay close attention to the password requirements provided.

Each time you log into the ESA, you must read and agree to the terms of the disclaimer in order to continue.

If ever you forget your password or username, click the applicable Forgot Username or Forgot Password link on the login page.

### **Role of the Chief School Administrator or President**

As the head of your district or college, the chief school administrator (CSA) or president has been established as the assignor of rights to access the ESA. The CSA or college president cannot update their own information in the ESA.

The CSA or president is asked to perform two tasks to maintain the integrity of your school's Employer Secure Area account:

1. Assign a Security Administrator (SA) for your location. The designated Security Administrator will have almost the same rights as the CSA. The role of the Security Administrator is to assign and remove rights for all applications within ESA.
2. Keep track of the password, as it must be changed periodically. NYSTRS will email a reminder when it is time to change the password.

Once the CSA or president has performed these two tasks, the assigned Security Administrator can take care of any further maintenance or assignment of rights needed. Each district is able to assign only one Security Administrator.

## NYSTRS Employer Manual

### Section 6: The Employer Secure Area

#### Adding New Users

To grant access to new users of the system, navigate to the Account Management page. Under Account Management you will see the applications to which you have access. In order to add new users, you must click on User Account Management.

Complete the fields in the section “Enter user details to create a new account.” Select which applications you would like to provide to the new user. There is no limit to the number of applications a user may access. Once you have entered the required fields, select the “Submit” button.

The table below describes what each application allows the user to do. Review it to determine who should be assigned access to these applications.

Application	Access
Reporting	<ul style="list-style-type: none"><li>• Monthly Overview;</li><li>• Upload Monthly Report;</li><li>• Submit Retroactive Payments;</li><li>• View Retroactive Pay;</li><li>• Retirement Report Processing;</li><li>• Year-End Exception Reports;</li><li>• Rejected and Pending Monthly Reports;</li><li>• Accepted Monthly Reports by Reporting Period</li></ul>
Billing	<ul style="list-style-type: none"><li>• Loan Billing;</li><li>• Monthly, Estimated and Final Billing</li></ul>
Membership	<ul style="list-style-type: none"><li>• Verification;</li><li>• Registration;</li><li>• Tier 6 Action Items;</li><li>• Tier 6 Member Rates</li></ul>
CDS	<ul style="list-style-type: none"><li>• Enter and amend NYSTRS delegate information</li></ul>
District Reports	<ul style="list-style-type: none"><li>• Art 19 Report–Contributions No Longer Required;</li><li>• GASB Statements;</li><li>• Member Service Credit</li></ul>
Account Management	<ul style="list-style-type: none"><li>• Change My Password;</li><li>• Change My Security Questions;</li><li>• School District Contacts;</li><li>• ESA Users;</li><li>• User Account Management</li></ul>
Earnings After Retirement	<ul style="list-style-type: none"><li>• Add New Retiree</li><li>• Edit Retiree Earnings</li><li>• Certify Retiree Earnings</li><li>• Historical Data</li></ul>

**NYSTRS Employer Manual**  
Section 6: The Employer Secure Area

The following chart shows the applications typically assigned to each role.

	Reporting	Billing	Membership	CDS	Earnings After Retirement	District Reports	Account Management
Superintendent/Administrator	X	X	X	X		X	X
Security Administrator	X	X	X	X		X	X
Member Verification User			X			X	X
Loan Billing User		X	X				X
Employer Reporting User	X	X	X		X	X	X
Employer Billing User		X				X	X
Convention Delegate User				X			
Earnings After Retirement User					X		

Once the information is submitted, a username and password will be sent via email to the new user(s). The person assigning rights will also receive a confirmation email from NYSTRS.

**Updating Users' Rights and Email Addresses**

As NYSTRS adds new features to the ESA, it will be necessary to update existing users' rights or grant access to new users. To do so, navigate to the Account Management page and click User Account Management. Select a user to modify his/her rights. You then may add or delete privileges or change the user's title, first or last name. When done, click Submit.

If the user's email address has changed, update the email address by navigating to the User Account Management page. Select a user to modify his/her rights. Delete the old email address in the box and add the new email address. Click Submit. A new username and password will be sent to the new email address.

**Please note:** *If a username and/or password has been or is suspected of being compromised, please call NYSTRS immediately so we can take steps to invalidate the appropriate account and reduce the risk of someone sending fraudulent information on your behalf.*

**Role of the Security Administrator**

The Security Administrator is responsible for setting up all users for each available function of the ESA. The Security Administrator is also responsible for removing rights if an ESA user leaves the district or changes positions and no longer requires rights to the ESA. The Security Administrator cannot update their own information or the Superintendent's and college president's information. To update this information, please contact NYSTRS at (800) 348-7298, Ext. 6220.

NYSTRS will periodically send you reminders to review ESA rights. To view current ESA users, visit the Account Management page and select ESA Users.

## NYSTRS Employer Manual

### Section 6: The Employer Secure Area

#### School District Contacts Page

The School District Contacts page, found under Account Management, lists the names of the contacts from your district which are on file with NYSTRS. Please use the ***District Contact Change (QTR-81)*** form to update a contact's information or designate a new contact. If you need further assistance, please contact NYSTRS at (800) 348-7298, Ext. 6220.

#### ESA Users

The ESA Users page, found under Account Management, lists the ESA Users from your district as assigned by the Chief School Administrator or President or Security Administrator. Please see the ***Adding New Users*** or ***Updating Users Rights' and Email Addresses*** sections of this chapter to update a contact's information or designate a new contact. If you need further assistance, please contact NYSTRS at (800) 348-7298, Ext. 6220.

#### Membership: Verification and Registration

Employers are required to register new NYSTRS members. Entering the basic information necessary to establish a membership requires little time.

Employers should first visit the ESA's Verification page, found under the Membership tab, to determine if the employee is already a NYSTRS member. If the person is not a member, follow the steps in the ***New Entrant Registration*** manual to register the employee. The verification page should also be used to verify contribution requirements for NYSTRS members.

When registering a new member in ESA, refer to the member's completed ***Application for Membership (NET-2)*** to ensure the information you provide is accurate. The original application must be submitted to NYSTRS to complete the member's registration. The member will receive NYSTRS membership information once the System has completed the registration process.

#### Submitting Monthly Employer Reports

To submit a monthly file, navigate to the Reporting page and select Upload Monthly Report. Browse your system for the file. Once the appropriate monthly report file is located, click Upload.

The Rejected and Pending Monthly Reports page contains the files you previously submitted until they have been processed by NYSTRS. If the file is rejected, it will stay on the Rejected and Pending Monthly Reports page. To determine the rejection reason, click on View More Info. If you require further details, please select Rejected File Error Messages and look for the error message associated with the message. Once you have corrected the district file you can upload the corrected file.

The Accepted Monthly Reports by Reporting Period page displays the files submitted for the plan year. This will be your tool to determine which monthly files your district needs to submit. You will only find accepted files on this page.

**Important Note:** If BOCES submits your district's monthly reports to NYSTRS, you will need to give the BOCES' representative rights to the Employer Reporting module. See the ***Adding New***

## **NYSTRS Employer Manual**

### **Section 6: The Employer Secure Area**

**Users** or **Updating Users Rights' and Email Addresses** sections above for instructions on adding users and granting them additional capabilities.

### **Processing Your District Specific Issue Report (DSIR)**

The Reporting > Monthly Overview page provides a status summary of your monthly employer reports and DSIRs. This summary grid also helps you determine if additional DSIR information is needed to finalize the report. What's more, NYSTRS will email your district's employer reporting contact to notify her or him when more information is requested.

Please refer to our **District DSIR Procedures** for an overview of this feature. The procedures also include definitions of the various statuses you will see on the Employer Reporting Overview grid.

### **Reporting Earnings for Tier 6 Members**

To report projected earnings for a Tier 6 member, go to the Tier 6 Action Items page, found under the Membership tab. Any required action will be listed on this page. To view Tier 6 contribution rate information, select Tier 6 Member Rates from the Membership tab. Please refer to our **Tier 6 Overview** for reporting instructions.

### **Retroactive Pay Reporting**

If you report retroactive pay, you will receive an email asking you to log into the ESA and instruct us as to where to apply the payments. This feature will also allow you to select a single year payment, upload your own spreadsheet if you are paying out multiple-year retroactive payments to your employees, or enter the information directly into our Retroactive Payments worksheet.

Your Reporting > Monthly Overview page will have the link to the Submit Retroactive Payments page. Please refer to our **District Retroactive Pay Procedures** for detailed instructions on using this feature. A **Retroactive Pay Template** is available for reporting multiple-year retroactive payments. Please see pages 9 and 10 of the **procedures** for further information on creating a template.

### **Holdover Pay/Prior Year Earnings**

It is important to ensure the part-time members are given credit in the appropriate school year for all of the days they worked. When an employee(s) receives a payment in July, August or September, for work performed in the previous school year; it is imperative to report the appropriate days of service to match the payment. This credit is especially important to part-time employees. This feature will allow you to provide NYSTRS with the number of days due in the previous school year.

The Reporting > Monthly Overview > Holdover Pay/Prior Year Earnings page displays the directions for completion, but the instructions can also be found on **Holdover Pay/Prior Year Earnings Procedures**.

## **Retirement/Benefit Report Processing**

Any time an active member terminates from NYSTRS, final salary information is needed from the district. You will receive an email with a notification to log into ESA under Reporting > Retirement/Benefit Report Processing for a list of your employees. We have tailored the fields to the type of position the member held to help make the process more efficient. If you'd like to retain a paper copy of each document, you can download a PDF for your records. For complete processing instructions, please see **Retirement/Benefit Report Processing Instructions**.

## **Processing Your Year-End Exception Report (YEER) and Year-End Certification Statement**

The year-end reports will be available once the System has processed your June monthly report. An email notification will be sent when the reports are available for completion by the district. The Certification Statement should be completed by October 15.

The YEER can be found on the Reporting > Year-End Exception Reports page.

Please refer to our **District YEER Procedures** for an overview of this feature.

## **Employer Billing**

Employers may access all monthly bills, as well as the estimated and final bills, and the detail for each. The detail can be sorted and downloaded as needed. To access your billing information, click the Billing page, then Monthly, Estimated and Final Billing. You have the option of viewing the bill detail, the incentive detail or the letter.

To save or print a copy of the detail, click either the "Save to CSV" or "Save to PDF" button. If available, you can view the letter which corresponds with the monthly billing detail by clicking "Statement Letter." You may sort the detail based on your preferences.

An "Employer Billing User" role has been established for those who only need ESA access to this application. The Security Administrator should provide the appropriate employees of the district with access.

For further detailed information on Employer Billing, see **Section 16**.

## **Loan Billing**

Employers can access all monthly loan bills, as well as the regular notifications/changes, in the Loan Billing section. The detail may be sorted and downloaded as needed. To access your district's loan billing information, click the Billing page, then Loan Billing. The display will provide the status of the last 12 months of loan bills and daily notifications.

To save or print a copy of the billing detail, select the appropriate month and click either "Save to CSV" or "Save to PDF."

For detailed instructions on how to process your loan bill, please refer to the **Loan Billing Procedures**.

## **NYSTRS Employer Manual**

### **Section 6: The Employer Secure Area**

“Employer Reporting Users” and “Loan Billing Users,” a newly created ESA role, will have rights to the loan billing functionality.

#### **Article 19 Report-Contributions No Longer Required**

The Article 19 Report provides a list of members who, as of July 1 of the current year, are no longer required to make the mandatory 3% Tier 4 member contributions. This report can be found on the District Reports page > Article 19-Contributions No Longer Required.

When the report is available online in June, an email notification will be sent to the district’s Employer Reporting Contact (based on the QTR-81). The following designated ESA users have access to view the Article 19 information: Chief School Administrator; Security Administrator; Employer Reporting User; and, Employer Billing User.

#### **Member Service Credit**

The Member Service Credit report provides a list of total service credit for all NYSTRS members currently on your monthly reports. This report can be found on the District Reports page > Member Service Credit. Date of membership and tier information are also provided. To save or print a copy of the detail, click either the “Save to CSV” or “Save to PDF” button.

The data will reflect all service credited from the latest monthly file posted.

#### **Entering Convention Delegate Information**

To report Convention Delegate election results, navigate to the CDS page and select Convention Delegates. Delegates and alternates are elected as a ticket and cannot be split.

The following information will need to be entered:

- Date of election (see **election timelines**).
- NYSTRS EmplID for the delegate(s) and, if necessary, the corresponding alternate(s).
- School email address for each delegate and alternate.
- Status. When first reported, the delegate(s) will have a default status of “Attending/Voting.” The initial alternate(s) status is “Not Attending,” as only one member of a delegate/alternate ticket can vote. Status information can be changed by the employer at any time prior to the Delegates Meeting.

The Submit button **must** be clicked for the data that was entered to be saved.

#### ***Insufficient Delegate Interest***

An employer may not always be able to fill all vacant delegate/alternate positions. In these instances, the employer should fill as many positions as possible. Should the employer receive

## **NYSTRS Employer Manual**

### **Section 6: The Employer Secure Area**

interest for the vacant delegate position(s) after the reporting period has closed, these vacancies may be filled the following year.

Until election results are reported, you will receive periodic reminders regarding the election reporting deadline.

### **Earnings After Retirement**

Employers are required to report earnings of all retired employees who receive a NYSTRS pension, no matter the capacity in which they are employed. Use the Earnings After Retirement tab to enter, edit and certify earnings for NYSTRS retirees who are working in your district and receiving compensation from a source other than your district payroll. Payments made to NYSTRS retirees through regular payroll must be included on your monthly report and should not be reported through the Earnings After Retirement tab. For complete instructions, please see the **Earnings After Retirement Instructions**.
